Parafine Treatment Manicure

135 Treatment and Manicure

Almond Treatment Manicure

150 A luxury treatment manicure with analysis and treats a specific nail type. The hands are exfoliated, and it is perfectly cared for with our special thermal mittens to give extra deep penetration and soothe dry achy hands. (Treatment & Manicure)

Intense Hand Repair Peel

120 Loosens dead skin with salicylic acid and rolls it off the hand without the need for water. The peel leaves a thin layer of paraffin on the surface of the skin with Vitamins A, C and E to protect the hand followed by a balm which seals and heals damaged hands finishing it off with a hydrating lotion with hyaluronic acid to lock in moisture for 8 hours. (Treatment with Polish)

SIGNATURE PEDICURE

Treatment and Manicure 160

Almond treatment Pedicure

Heated booties to soothe & relax or balancing mint masque to soften and revitalize, with complete foot & leg treatment up to the knee. (Treatment with Polish) 170

Intense Foot Repair Treatment

Works with triple action exfoliation by removing dead skin, softening calluses and stimulating cellular renewal by mimicking the benefits of an express paraffin dip. It is followed by a balm which serves as a powerful moisture binder, drawing water from the air into the skin. To complete the treatment, hydrate therapy lotion is used to improve elasticity and nourish the skin. (Treatment with Polish) 140
